What is ORCiD id

ORCID (Open Researcher and Contributor ID) connects research and researcher, provides a persistent digital identifier that distinguishes you from every other researcher and, through integration in key research workflows such as manuscript and grant submission, supports automated linkages between you and your professional activities ensuring that your work is recognized.

ORCID's vision is a world where all who participate in research, scholarship, and innovation are uniquely identified and connected to their contributions across disciplines, borders, and time.

Register for an ORCiD iD

As Per ORCID's terms and conditions you may only register for an ORCID iD for yourself. In the following link:

https://orcid.org/register
